HOSPITAL CORPS BEING ORGANIZED

Dr. Lowell M. Green Will be Officer of Field Unit to be Attached to New 4th Infantry

WILL RECRUIT 32 MEN HERE

Major Carey, Who Will be in Command, Here and Hopes to Get Required Number Today

The organization of a field hospital corps for the new Fourth Infantry of the Indiana National guard was under way here today. Major Carey, commander of the hospital unit, was here examining men and as the detachment from here is to be composed of 32 men, little difficulty was expected to be met in obtaining the required number.

Dr Lowell M. Green is to be an officer in the unit. His application for a commission is now enroute to Washington. The field hospital will have four medical men in charge. Major Carey will command and of the three remaining physicians Dr. Green is to be one.

It is hoped to obtain the entire detachment from Rushville. Major Carey, who has had eighteen years experience, was recently promoted to major, the highest position possible in the medical corps. In explaining the hospital unit today Major Carey stated that only men of good moral reputation and good standing were wanted and declared the detachment here offered a chance for high class men.

"I will accept only men of good character," said Major Carey, "and these men must be congenial to me and the officers. In other words, I don't want any so-called 'rough neck.' This is no place for that class of men. The experience and training the men receive will remain with them always."

In case the detachment is not completed today, Maj. Carey will either return at a later date, or wait until Dr. Green gets his commission, then give him orders to go ahead with the recruiting.

Arrangements for organizing the medical detachment were completed late yesterday, but even on short notice the word quickly spread and great interest was shown in the recruiting. The field hospital unit will see active service and as this is one of the most important in the entire military organization the best men available are wanted.

RESIGNATION OF 2 GERMANS PROBABLE

Unconfirmed Reports Are Foreign Secretary Zimmermann and Helsserich May Resign

MEXICAN PLOT WAS BUNGLED

(By United Press.)

Amsterdam, July 10.—Unconfirmed reports received here today state that the kaiser has decided to accept the resignations of Foreign Secretary Zimmermann and Vice-Chancellor Helsserich.

Foreign Secretary Zimmerman has long been under fire in Germany particularly for his bungling of the Mexican-Japanese plot against the United States. At one time it was circumstantially reported that he was to be replaced by Count Von Bernstorff, former ambassador to Washington.

Vice-Chancellor Von Helsserich has been blamed with his chief Von Bethmann Hollweg for many conditions in Germany. Much of the dissatisfaction for graft in food control and rationing has been laid to him.

HOUSE DAMAGED BY FIRE

Blaze Furnishes Stubborn Resistance For Fire Department

A house owned by John Jordon in South Pearl street was damaged $50 by fire last night at about 11:30 o'clock. The house had been vacated yesterday afternoon and the supposition is that the fire was caused by an over-heated flue. The blaze was confined to the roof and for a time furnished stubborn opposition. The loss is fully insured, Jordon carrying $200 on the dwelling.

MERCHANTS PLAN TO TAKE A LARGE CROWD

Third in the Series of Community Festivals Will be Held at Arlington M. E. Church

JUDGE W. M. SPARKS TO SPEAK

Plans were made today to take a large crowd from Rushville tonight to the community festival which will be held on the lawn of the Methodist church at Arlington. It will be the third of the series of ice cream socials which have been held in the county this summer by the Rushville merchants in conjunction with the local churches. The two previous festivals have been held at New Salem and Glenwood and each was a pronounced success. In each case the churches made close to forty dollars.

Judge Will M. Sparks has consented to speak briefly at the Arlington festival tonight. Judge Sparks' talk will be the only thing in the nature of a program. The Arlington band will provide music throughout the evening. The Rushville merchants are planning to take the biggest crowd yet attending any of the events and to attain this end they urge that everyone with an automobile drive over to Arlington tonight.

LOCAL BOY RECEIVED THE S. O. S. MESSAGE

Clyde Osborne Writes he Was on Duty as Wireless Operator When Olympia Went Ashore

HIS VESSEL GOES TO RESCUE

Clyde Osborne, son of Mrs. Lillian Osborne of this city, has written his mother that his vessel, U. S. S. Sonoma, went to the aid of the battle cruiser Olympia when she went aground a few weeks ago, and that he, as wireless operator on duty at the time the S. O. S. was received, took the message and sent it to the captain, who immediately went to the aid of the Olympia. His letter says that the message read as follows:

"Rush vessel (from) Cerebus Shoals. Olympia is aground." The Sonoma was at New London, Conn., when the message was received and reached the Olympia's side in about an hour, being the second relief vessel to arrive. He says the Sonoma supplied lights for the Olympia's men to work as her dynamo room was under water. The Olympia was Admiral Dewey's flagship, the letter says, and the admiral's footprints are marked on the bridge where he stood at the battle of Manilla Bay.

Clyde Osborne was transferred to the Sonoma about a month ago. His vessel has been engaged in helping stretch submarine nets across eastern harbors.

51 LOSS ON STEAMER

(By United Press.)

Paris, July 10.—The 4,140 ton French steamer Caledonien was sunk in the Mediterranean June 30, with a loss of 51, according to official announcement today.

MAY KEEP OPEN AT NIGHT NEAR CLOSE

County Registration Board Reaches No Definite Decision Regarding Agreement

NOT MUCH INTEREST SHOWN

State Chairman of 2 Political Parties Agree to Allow Boards to Hold Open at Night

The local registration board this morning received a copy of the agreement of republican and democratic state committees under which registration places throughout the state may be kept open one night each week for the benefit of workmen and others who are engaged during the day and thus find it impossible to register.

No definite decision had been reached today by the local board regarding the keeping open one night a week, but the board may decide to keep open one night a week during the last two or three weeks of the registration period. The local board believed that with no greater demand to register during the day than there has been the first fourteen days of the registration period, there would be little use keeping open at night at this time.

The board will reach a definite decision soon. The law provided that the board shall be in session from eight o'clock in the morning until five o'clock in the afternoon, but acting on a suggestion from an Evansville labor union to Governor Goodrich, the commission named recently to interpret the registration law, and the chairmen of the two state committees reached an agreement to the effect that in counties where such a course was deemed advisable, registration places may be kept open as late as 9:30 on at least one night a week.

The local board believes there will be a rush towards the end of the period and with this in view favors the keeping open at night once each week for the final weeks of the session. The agreement reached yesterday is in no way binding and the boards cannot be compelled to remain open but if the local board does decide to remain open it will be simply to accomodate the workmen who cannot register during the day.

NOT TO ACCEPT PEACE WITHOUT ANNEXATION

Germany's Stand is Outlined in Speech by Chancellor Before Reichstag Committee

CAN'T GIVE TERMS, HE SAYS

(By United Press.)

Berne, Switzerland, July 10.—"Peace without annexations is not acceptable to Germany. Germany can win if she holds out."

Chancellor Von Bethmann Hollweg so declared in a speech before the main committee of the Reichstag, according to quotations today in the Berlin Lokal Anzeiger.

"I consider it my duty to remain as chancellor for the protection of the Fatherland," Hollweg solemnly declared.

"Peace without annexations is not an acceptable peace to Germany. I cannot declare our terms."

The chancellor's address before the main committee was called forth by demands of the clericals that he outline in more detail exactly how the German government stood on the socialist platform of no annexation, no indemnities.

The Lokal Anzeiger did not specify how the imperial chancellor's speech was received.

NEW REGULATIONS ARE RECEIVED HERE

Revised Instructions Regarding Methods to be Employed by Exemption Board Arrive

DRAWING MAY BE SATURDAY

Exemption Claims For Agricultural or Industrial Work Made Before District Board

George Moore, Jr., clerk of the county exemption board, is in receipt of revised regulations for the draft from Provost Marshal General Crowder. Detailed instructions regarding the course to be pursued are contained in the circular which has been sent broadcast.

Washington dispatches today say that the drawing of numbers in Washington may take place Saturday, but that it is barely possible it will have to be postponed until next week pending, the organization by delinquent states of all local and district exemption boards.

Indiana is far ahead of all other states in its organization and Rush county is right up with the procession. The county exemption board has been organized for some time and it has been more than a week since the board completed the task of giving each registrant his new red ink number, beginning with one and numbering each consecutively.

Men who registered were still keeping the clerk of the board busy today calling by telephone and in person to get their red ink number. This is due to the warning from the war department, published in the Daily Republican last Saturday, placing the burden upon each registrant of learning his new number, watching to see if his number were drawn and to present himself before the board for examination if drafted.

The district appeal boards in Indiana have been organized. Rush county is in the second district and the appeal board is composed of the following men: labor representative, J. J. Heavey, Hartford City; agriculture, Earl Crawford, Milton, Fayette county; industry, Harry Kitselman, Muncie; doctor, Miles J. Porter, Fort Wayne; lawyer, Lemuel W. Royse, Warsaw. There are twenty-four counties in this district, running all the way through the eastern section of the state from Steuben on the north to Franklin on the south.

Exemptions are to be determined by the local boards, General Crowder's circular shows, only for the previously announced specified causes, such as responsibility for the support of relatives, and not for agricultural or industrial reasons. Seven days after designations are posted will be allowed for filing claims. Then there will be an additional allowance of ten days for filing proofs, and the board must decide within three days after the proof is filed.

Then the case of any registrant has been disposed of so far as the local board is concerned. The names of those not exempted or discharged will be posted. Claims for exemption for agricultural or industrial work must be made within five days after such posting and must go direct to the higher board sitting for the judicial district. Appeals for the rulings of local boards must be made to the higher board within ten days.

The circular does not cover the summoning of the men for actual service, pointing out that selection and acceptance does not mean an immediate summons. Even the time of the drawing is not specified, but issuance of the circular is taken to mean that the work of selection may be in progress within a few days. September 1 has been tentatively considered as the date for assembling the first half million men in cantonments for training.

JAMES R. BERRY IS DEAD

Expires at Home of Daughter, Mrs. Elsworth Kiser, in Sexton

James R. Berry, 78 years old, died last night at 8:30 o'clock at the home of his daughter, Mrs. Elsworth Kiser, in Sexton, following an illness of several weeks from senility and a complication of diseases. His wife has been dead several years and Mrs. Kiser is the only child living. The funeral services will be conducted Wednesday afternoon at two o'clock at the Christian church in Sexton and burial will take place in East Hill cemetery.

GENERAL BRUSILOFF CLOSING ON LEMBERG

Dispatches From Eastern Front Detail Outflanking of Teutons by Russian Army

1,000 MORE CAPTIVES TAKEN

By WILLIAM G. SHEPHERD
(U. P. Staff Correspondent.)

Petrograd, July 10.—General Brusiloff is again outflanking the Teutonic army and closing in on Lemberg. Front dispatches today detailed the steady advance of this movement with Halicz, key-city of the Galacian strong-hold now all but cut off. Austrian prisoners are pouring back of the Russian line in an unending stream. It is the same story that came from this front in 1914 when Brusiloff took Lemberg by almost identical tactics of flanking the enemy.

More than 1,000 additional prisoners, several more villages, three large guns and a number of smaller field pieces were officially reported captured today.

SAYS FOOD BILL MAY CAUSE LOSS OF WAR

Senator Lodge Launches Direct Attack on Federal Control Principle of Measure

REFRAMING IS SUGGESTED

(By United Press.)

Washington, July 10—Warning that the food bill may bring the United States to the edge of financial ruin within three months and cause failure in the war, Senator Lodge today launched a direct attack on federal control.

Attack on the food control bill grew so bitter today that Senator Vardaman suggested the measure be sent back to the agriculture committee to be entirely reframed.

"No business can prosper," Lodge declared, "with the government hand hanging over it ready to descend at any time and fix prices." He denounced government management of business as most incompetent.

ONCE CARTHAGE MINISTER

The Rev. S. Talbert Dies at His Home in Ontario, California

Word has been received here of the death of the Rev. S. Talbert, a former minister of Carthage and a brother-in-law of the late George Clark, which occurred in Ontario, Cal., on July 2. The Rev. Mr. Talbert left here about fifteen years ago. He was 77 years old and was born near Shelbyville. His son, George C. Talbert was at one time identified with the Carthage Record. The Rev. Mr. Talbert will be remembered by many Rush county people, especially in Carthage. Besides the son, George, he is survived by two daughters, Mrs. M. A. Miller of Ontario and Mrs. Charles Culbertson of Shelbyville, Ind.

ROUTES FROM THIS CITY DESCRIBED

By Reading Descriptions Patrons Can Determine Number of Their New Rural Mail Route

TAKES EFFECT NEXT MONDAY

Only Ten Routes Will Start From Rushville Under Reorganization Plan Instead of Twelve

Postmaster G. P. Hunt today made public the description of the revised rural routes from the Rushville postoffice. By reading the descriptions it will be possible for patrons served from the Rushville office to determine what the number of their route will be on and after next Monday, when the reorganization takes effect.

There will be ten routes out of Rushville instead of twelve as at present, routes No. 2 and No. 7, being discontinued. The numbers begin at one and run to ten. Five routes will be abandoned in the whole county, one at Glenwood, one at Arlington and one at Carthage, besides the two at Rushville. The route numbers will begin at one at each postoffice instead of being numbered consecutively for the whole county as at present. The description of the routes follows:

Route 1 as Revised

South and southeast on New Salem pike to New Salem postoffice; Southeast on said pike to road near southeast corner of section 5; South to school house at southeast corner of section 8; West to Miller corner; West ½ mile and retrace; North to corner North to New Salem post- Fulton corner; West to M. NEW DRAFT REGULATIONS HAVE BEEN RECEIVED HERE

Continued from Page 1.

The steps a registered person should take are set forth in great detail in the circular. First of all the registrant is advised to find out the location of the office of his county or city local board and then ascertain, if he intends to claim exemption for agricultural or industrial reasons to what district board he must apply.

"Every board has numbered the cards in its jurisdiction with red ink in a series running from 1 to the number representing the total number of cards in its jurisdiction," continues the circular. "Lists showing the names of persons in the jurisdiction of each board and the red ink number of each card are open to inspection at the office of each board. Inspect the list and inform yourself of your red ink serial number.

"These red ink numbers are to be drawn by lot to determine the order in which registered persons are to be called by the various local boards. As soon as the drawing is completed, lists showing the order in which these red ink numbers are drawn will be published in the press, and will be posted at the office of each local board. Go to your local board and find out the order in which you stand for call.

"As soon as quotas are assigned to each state and each board, each board will call upon persons whose cards are in its jurisdiction, instructing them to present themselves for examination. This call will be posted at the local board and the papers will be requested to print it. A notice will also be mailed you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself. Watch the lists at the office of your board and see when you are called for examination.

"You must report for physical examination on the day named in your call. If you are found physically disqualified, the board will give you a certificate which will explain to you what your further duties are.

"If you are found physically qualified and file a claim for exemption within seven days after your call, you will be given ten days after filing your claim of exemption to file proof in support of your exemption.

"If you are found physically qualified, and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service, and was not exempted nor discharged. On the eighth day after call or within two days thereafter, copies of the list of persons so posted to the district boards will be given to the press, with a request for publication, will be posted in a place at the office of the local board, accessible to the public view, and notice will be mailed to you at the address on your registration card.

"Therefore watch the notices posted in the office of the board about ten days after the day you were called, and make arrangements for the prompt receipt of mail."

The grounds for exemption are set forth in the same language as in the preliminary regulations issued a week ago. The circular says the methods of proving exemptions will be detailed to the registrant and blanks provided on application to the local board. The method of appeal also will be made plain, and a date set for that. Appeals must be made within ten days after the local board has refused exemption. The proof must be filed within another five days, and a decision must be made five days thereafter.

"Only the district boards," concludes the circular, "can receive claims for discharge on the ground that you are engaged in industry, including agriculture. Only decisions of district boards on industrial claims for discharge can be appealed. If you desire to appeal the decision of the district board to the President, you may do so within seven days of the date of mailing to you of the decision of the district board. As soon as your case is finally disposed of, the adjutant-general of your state will notify you by mail that you have been selected for military service.

"Notice that you have been selected for military service will not necessarily call you into service. The notice to report for military service will come when the government is ready to receive you."

SENTENCE TO BE PASSED JULY 30

Indianapolis Police and City Officials To Know Fate Then—Abandon New Trial Plans

GRAND JURY WILL CONVENE

Will Conduct Another Probe As the Result of Startling Disclosures in Trial

(By United Press.)

Indianapolis, Ind., July 10.—Sentencing of Samuel V. Perrott, former chief of police of Indianapolis and five other police and city officials, recently convicted by a jury in federal court on charges of election corruption, will occur July 30. Announcement to this effect was made today by Federal Judge Geiger, when the defendants appeared in court. Plans of the convicted officials to appeal for a new trial were abandoned.

It was generally believed that postponment of sentencing of Perrott and the other convicted men was due to a desire of the court to await further action of the grand jury which will convene here tomorrow.

Briefs were filed in the district court here for a new trial July 5. As a direct result of startling disclosures made during the trial, federal grand jury will convene for a special session tomorrow. Former police officials and city officials testifying in behalf on the government at the trial connected several persons who were not indicted with their stories regarding the frauds.

Frank M. Johnson, patrolman, was the only defendent acquitted. The maximum penalty is a prison sentence of not more than ten years and a fine of $5,000. The law demands some imprisonment, but the extent of the penalty lies within the discretion of the court.

During the course of the trial, the government sought to show by testimony of former police officers, that the defendants drove negroes from the polling places with their riot clubs and intimidated them in other ways, bought votes by the wholesale and used repeaters in all parts of the city.

WONDERFUL VALUES IN LADIES' SILK DRESSES

Our only excuse for making this offering is that the dresses looked so good we bought too many of them. The result is that about 60 elegant dresses are to be disposed of during these ten days. To convince you of the remarkableness of this price, it is only necessary that you see the dresses themselves. They are fashioned from crepe de chene, taffeta, messaline, tub silk, shantung, tussah, yo san and georgette. No two dresses are alike, the colors are exquisite, the variety is extraordinary, and sizes run from 14 to 45. These dresses bear the original marks of $20.00, $22.50 and $25.00. Choice now only $10.00

On account of the unusual reduction, we advise you to come early Thursday. Other dresses at **$12.50 and $15.00**

Mrs. Norman Crum was the hostess to about twelve members of the Young Ladies Mission Circle of the Christian church last evening at her home in North Jackson street. A short program was carried out, the topic of which was "India." Miss Grace Billings read a peaper on "An Indian Wedding;" Bible study, by Florene Gronier; a paper on "The Lives of Three Missionaries, Miss Addie Nicholson, Thomas Newton Hill, Clement Narton," was read by Miss Gladys Chadwick. There was a full discussion of the College of Missions at Irvington by Mrs. Grindle. A pitch-in supper was planned for the next meeting, which will probably be the last of July with Mrs. Charles Brooks, west of this city. During the social hours which followed, refreshments were served.

* * *

The Misses Margree and Dora Hurst entertained a number of friends Friday evening at their home near Milroy. Games furnished amusement for the guests and refreshments were served late in the evening. Among the guests who were present were: the Misses Lucile Holland, Iva and Hazel Meal, Laree Garard, Edna Hoban, Zella Hungerford, Erma Tevis, Blanche Hinton, Blanche Ward, Ruth Owen, Gladys Apple, Nettie Farrow Lillian Gosnell Hattie Fessler, and Edwin Ward, Denny Whitaker, Loran Harcourt, Paul and Chester Gosnell, Herbert Hoban, Sr., Arthur Peck, Herbert Hoban, Jr., Russell Reber, Maurice Fessler, Leonard Barlow and Ralph Willey.

BAKERS TALK ON HOW TO BE OF HELP

Fifth Annual Convention for States of Ohio, Indiana and Michigan Opens at Cedar Point

TO CONTINUE UNTIL FRIDAY

D. H. E. Barnard, Indiana Food Commissioner Will Speak Tomorrow—Elaborate Entertainment

(By United Press.)

Cedar Point, O., July 10.—How to co-operate with Herbert C. Hoover in his campaign against food waste by elimination of stale bread, was to be thoroughly discussed by bakers of Ohio, Indiana and Michigan, when they arrived here today to attend the fifth annual convention of the Tri-State Master Bakers' association. Sessions will continue through Friday.

National authorities on the subject of food will address the convention.

Dr. Ralph E. Lee, chemist of New York City, today told of the "Quality in Raw Materials Used in the Bakeshop." Tomorrow Dr. H. E. Barnard, Indiana food commissioner will talk on "Bread, in America's Food Supply." G. W. Fisher, Huntington, Pa., member of the executive committee of the national association of bakers will represent that organization. Prof. Harry Snyder, Minneapolis, will address Thursday's meeting on "War Bread."

R. D. Mitchell, mayor of Sandusky, welcomed the delegates this morning.

Elaborate entertainment has been provided for the convention.

The present officers of the association are: W. F. Celler, Ft. Wayne, Ind., President; Hector Urquhart, Springfield, O., vice-president; W. A. Thomas Auburn Ind., treasurer; and W. G. Herbold, Cincinnati, secretary. Celler will preside at all the meetings, which are being held in the Exhibition hall.

TAKE BACK NO UNSOLD BREAD AFTER TODAY

Bakers in 39 Counties, in Accordance With Pledge, Adopt Economy Plans Today

WHAT A SAVING IT WILL MEAN

(By United Press.)

Indianapolis, Ind., July 10.—Bakers in thirty-nine counties in central Indiana, in keeping with a pledge signed at a meeting here today abandoned the practice of taking back unsold bread. The plan adopted in co-operation with the National Council of Defense in conserving the nation's bread supply.

Indianapolis bakers abandoned the practice some months ago. The bakers contend that hundreds of loaves of bread have been going to waste daily as the result of grocers purchasing more than they could sell. As the result of the new plan, the bakers say the grocers are not as liable to purchase more than their business requires.

Dr. H. E. Barnard, pure food and drug commissioner, following a survey of conditions among seven hundred bakers, announced that elimination of 2 per cent return of unsold loaves saves 110 barrels of flour per year.

An Indianapolis baker has refused to accept a 10 per cent return of unsold loaves, saving 2,500 barrels of flour annually; another refusing 5 per cent of unsold loaves saves 1,500 barrels of flour; and a third eliminating a 10 per cent waste from the same source saves 1,560 barrels of flour each year.

—Mrs. Albert Bradford visited in Indianapolis today.

Clarence Woods has filed suit against Frederick Boxley demanding $215.87 for labor performed and money not received. It is alleged that the plaintiff worked for Boxley and that Boxley induced him to buy a piano on payments and did not give him credit for the money owing him upon the piano. T. M. Offutt represents the plaintiff.

LADIES' READY TO WEAR

That's What We're Here For

TO make the kind of bread, rolls, pie, cakes and doughnuts that people want. We don't make them to keep or to look at, although they are a delightful sight. We make them to attract people who have a discriminating taste.

And the quality that we have ever maintained in our bakery goods has attracted just such people and is attracting them in greater numbers than ever before. They stick to the store that gives them the quality.

We raised the standing of quality when we began and we have held it high ever since. We lead because our goods are the best and they are the best because we put into them the best materials and the greatest skill.

AMERICA
ALWAYS FIRST

Saving a Nation

It is the history of all nations since history was written that there come crises in the national life of all peoples when prompt action is imperative if destruction be averted. Some peoples have taken such action and lived, while others have slumbered and died.

Grave as the consequences of our present struggle is apt to be, the American people, it can be seen more clearly as time passes, are being saved by it from an even greater danger which threatened them—the danger of over-prosperity and over-indulgence.

Even now, since we have entered upon the task of mobilizing American resources, the mind staggers at the colossal values aggregated. Where a few years ago we whispered in awe of millions, now we speak of billions as glibly as a school girl prattles of pin money.

This of itself would not have constituted such a grave danger had not our people framed their personal lives on the same vast scale. From talking in thousands to living in thousands is an easy step. The same is true of millions. As our operations increased and our national wealth piled up our personal ideas enlarged apace, until when we woke up last April to find ourselves the probable deciding factor in the greatest war of all history, we discovered ourselves living at a rate that could have had but one possible ending—national disaster, if not national death.

War is horrible. We shrink from it and wish from the bottom of our hearts that it could be banished from the earth forever more. Yet in this war the heroes who die for us on the fields of France will confer a greater blessing upon their country than merely preserving its honor, as the world sees honor. They will have saved us from national moral decay and death. For the domestic revolution, without which our part in the conflict can not be carried out, is the upheaval that was needed to take our feet out of the road to death and set them on the road to a broader and saner life.

Restore Old Industry

"Every housewife this year should restore to her home the often overlooked home industries of canning, preserving, pickling, and drying of perishable fruits or vegetables," said David F. Houston, Secretary of Agriculture, today. "The large number of new back-yard gardens which have been planted this year shortly will begin to yield their extra harvest of beans, peas, carrots, beets, sweet corn, and tomatoes. The regular supplies also will reach the markets and, as happens each summer the local supply at times will exceed immediate consumptive capacity. Not to conserve much of this surplusage of valuable food would be sinful waste.

"The present food and labor situations are such that no household is justified in looking to others to release it wholly from individual responsibility and constructive action in saving and conserving food. All any home should expect of others is to supply those foods which can not be produced effectively by its own members. The railroads will be burdened with the transportation of staple foods and civil and military necessaries from localities of production and manufacture to districts incapable of supplying their own needs. It follows that all locally produced foods, conserved by home methods, lessen the winter pressure on transportation agencies and also release similar products of factories for other purposes.

"I urge every household, therefore to can all surplus perishable products for which they have containers and to dry and keep in paper any additional surplus suitable for such preservation."

WOMEN MAKE LAST ARGUMENT TODAY

Final Pleas for Permission to Vote At Election of Delegates Heard by Court

OTHER IMPORTANT QUESTIONS

Supreme Court Will Also Decide Whether Office Holders Can Go As Delegates

(By United Press.)

Indianapolis, Ind., July 10.—Women made their last argument today for permission to vote at the election of delegates to the constitutional convention.

In a two hours argument before the supreme court, attorneys for the Women's Franchise league presented to the highest state tribunal reasons why the law passed by the last legislature calling a constituional convention, is legal in its entirety and that the portion permitting women to vote for delegates is not unconstitutional as was held by Judge W. W. Thornton of Marion Superior court in his decision on the case. The hearing today was on the appeal from Judge Thornton's court.

Attorneys for N. W. Bennett, who brought the suit to test the constitutionality of the law, argued that the entire measure was unconstitutional on the grounds that the legislature has no power to call a constitutional convention, and that if the court did not hold the whole measure illegal, the portion giving women the right to vote at least should be held unconstitutional.

Other important questions will also be finally decided by the supreme court in its decision. Among them will be whether or not present office holders, including members of the legislature, may be delegates to the convention.

The court is expected to rush its decision in order that the uncertainty which has surrounded the campaign for election of delegates may be removed. The court has held up its summer recess in order that the decision might be handed down as soon as possible.

MEET TO ORGANIZE DISTRICT ASSEMBLY

Rebekahs of Rush and Shelby County Gather in Shelbyville Today For That Purpose

DEGREE WORK WILL BE GIVEN

A number of Rebekahs from the local lodge went to Shelbyville today to attend a joint meeting of the orders for Shelby and Rush counties for the purpose of forming a district assembly. The state assembly has recommended the forming of district assemblies for closer cooperation and the one to be formed at Shelbyville will be for these two counties. The organization meeting was held this afternoon and tonight the Shelbyville degree team will confer the degree work.

The assembly president, Mrs. Harriet Sleckenhier of Richmond, attended the meeting, as did the committee appointed to organize the district assemblies. This committee is composed of Mrs. Mary E. Shipp of Michigan City, Mrs. Kate Nichols, Elkhart, Mrs. Grace Childs of Indianapolis and Mrs. Minerva Clark of Connersville.

MASONIC MEETING

Pheonix lodge No. 62 F. & A. M. will hold their regular stated meeting Tuesday evening beginning at eight o'clock. A large attendance is desired.

That Nasty Taste In Your Mouth

When health fires burn free they do not send out those ill smelling, poisonous gases. You have indigestion or you would not belch wind; your mouth would not taste foul. Take Pepsinco and relieve these things. You owe it to yourself, your health and society.

Birmingham, Alabama, Mar. 20, 1917.
I am using Senreco myself. Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.
I find Senreco a great help in my work.

Chicago, Ills., Mar. 10, 1917.
I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.
Senreco actually improves the condition of the gums by reducing inflamation. I highly recommend it.

Columbus, Ohio, Oct. 20, 1916.
I find Senreco very beneficial.

Chicago, Ills., April 7, 1917.
I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.

EXPECT ASSEMBLY TO SET NEW RECORD

Milroy People Believe This Year's Chautauqua, Which Opens Tomorrow, Will be Best Yet

N. Y. MARINE BAND A FEATURE

Hawaiian Singers, Iowa Governor, Male Quartette, Famous Jap And Others on Program

The annual Milroy chautauqua will open tomorrow afternoon and indications are, from the talent which the program shows, the assembly will be the best one in the history of Milroy. The distinct feature of the chautauqua will be the New York City Marine band directed by Mario LoZito, the famous bandmaster. The band will give two concerts on Friday afternoon and evening.

The chautauqua will be formally opened tomorrow afternoon at 2:30 with a concert by the Florentine Musicians, featuring Signor Andrew Vissochi, one of the greatest accordion players. There are four persons in the company. Miss Sturgis is a violinist. Miss Eagleston is an accomplished pianist and Miss Kelley is a reader of ability. Miss Kelley will give a program of readings following the concert.

In the evening at eight the musicians will give a 30-minute concert and at 8:30 Col. William H. Miller of Spokane, Wash., will lecture on the subject, "It Isn't Your Town, It's You." He is a popular lecturer who puts homely truths in such language that they convulse the average audience with laughter.

On Thursday afternoon the Metropolitan Grand Quartette will give a concert. Each member of this male quartette is a soloist of unusual ability and a variety is added to their program by J. Cameron McLean, baritone, who sings Scotch songs and tells Scotch stories, in costume. The quartette will give the prelude in the evening and at 8:30 Dr. Yutaka Minakuchi, a brilliant Japanese orator, will lecture on the topic, "The Border Land." He was educated at Yale and speaks English fluently.

Friday's program will consist of two concerts by the New York Marine band and a lecture in the afternoon following the concert by Harold C. Kessinger of Illinois, the youngest state senator in America. He will speak on the subject "America First." He is serving his first term in the Illinois state senate.

The Gullotta Trio, Coleman Hatfield of West Virginia and Burnell R. Ford, the electrical wizard, will share honors on the program Saturday. The trio which will open with a prelude in the afternoon, is composed of Vincenzo, a violinist; Ruth Gregg Gullotta, pianist and accompanist, and Helen Cutler Dickey, soprano. Coleman Hatfield, who is the nephew of Gov. Hatfield of West Virginia and eldest grandson of "Devil Anse" Hatfield, will tell the story at 3:15 of the rebirth of the mountaineers of his state. He was born when the celebrated feud between the Hatfields and McCoys was at its heighth and recites a dramatic story of the terrible happenings of the eighties. Ford, the electrical wizard, will give a popular, scientific and educational demonstration on the wonders of electricity at 8:30.

Vierra's Royal Hawaiian Singers and Players, composed of five native Hawaiians, will give a concert at 2:30 the closing day, Sunday, followed by a pageant by the junior chatauquans, "Good Fairy Thrift," under the direction of the junior leader who will be in charge of the children each morning during the week. The evening program will consist of a lecture at 8:00 by Governor George W. Clarke of Iowa, on "Ideals of Public Duty," followed by a concert by the Hawwaiians.

COUNTY SUFFERS AS USUAL

Gets Back Little Over Half of Sum Paid Into School Fund

The semi-annual apportionment of school funds among the counties by the state of Indiana has been announced and as usual, under the arrangement followed, Rush county suffers. Rush county paid into the state school fund $19,292.45 and received back in the apportionment $10,783.24, which is almost half of the sum provided by Rush county for the support of the schools of the state. The apportionment is based on the school enumeration of the state, which showed a total of 774,642 of school age in the state. As long as the present statutes are in force, the larger counties will help support the schools of the smaller counties.

HOSPITAL CORPS BEING ORGANIZED

Dr. Lowell M. Green Will be Officer of Field Unit to be Attached to New 4th Infantry

WILL RECRUIT 32 MEN HERE

Major Carey, Who Will be in Command, Here and Hopes to Get Required Number Today

The organization of a field hospital corps for the new Fourth Infantry of the Indiana National guard was under way here today. Major Carey, commander of the hospital unit, was here examining men and as the detachment from here is to be composed of 32 men, little difficulty was expected to be met in obtaining the required number.

Dr Lowell M. Green is to be an officer in the unit. His application for a commission is now enroute to Washington. The field hospital will have four medical men in charge. Major Carey will command and of the three remaining physicians Dr. Green is to be one.

It is hoped to obtain the entire detachment from Rushville. Major Carey, who has had eighteen years experience, was recently promoted to major, the highest position possible in the medical corps. In explaining the hospital unit today Major Carey stated that only men of good moral reputation and good standing were wanted and declared the detachment here offered a chance for high class men.

"I will accept only men of good character," said Major Carey, "and these men must be congenial to me and the officers. In other words, I don't want any so-called 'rough neck.' This is no place for that class of men. The experience and training the men receive will remain with them always."

In case the detachment is not completed today, Maj. Carey will either return at a later date, or wait until Dr. Green gets his commission, then give him orders to go ahead with the recruiting.

Arrangements for organizing the medical detachment were completed late yesterday, but even on short notice the word quickly spread and great interest was shown in the recruiting. The field hospital unit will see active service and as this is one of the most important in the entire military organization the best men available are wanted.

RESIGNATION OF 2 GERMANS PROBABLE

Unconfirmed Reports Are Foreign Secretary Zimmermann and Helsserich May Resign

MEXICAN PLOT WAS BUNGLED

(By United Press.)

Amsterdam, July 10.—Unconfirmed reports received here today state that the kaiser has decided to accept the resignations of Foreign Secretary Zimmermann and Vice-Chancellor Helsserich.

Foreign Secretary Zimmerman has long been under fire in Germany particularly for his bungling of the Mexican-Japanese plot against the United States. At one time it was circumstantially reported that he was to be replaced by Count Von Bernstorff, former ambassador to Washington.

Vice-Chancellor Von Helsserich has been blamed with his chief Von Bethmann Hollweg for many conditions in Germany. Much of the dissatisfaction for graft in food control and rationing has been laid to him.

HOUSE DAMAGED BY FIRE

Blaze Furnishes Stubborn Resistance For Fire Department

A house owned by John Jordon in South Pearl street was damaged $50 by fire last night at about 11:30 o'clock. The house had been vacated yesterday afternoon and the supposition is that the fire was caused by an over-heated flue. The blaze was confined to the roof and for a time furnished stubborn opposition. The loss is fully insured, Jordon carrying $200 on the dwelling.

MERCHANTS PLAN TO TAKE A LARGE CROWD

Third in the Series of Community Festivals Will be Held at Arlington M. E. Church

JUDGE W. M. SPARKS TO SPEAK

Plans were made today to take a large crowd from Rushville tonight to the community festival which will be held on the lawn of the Methodist church at Arlington. It will be the third of the series of ice cream socials which have been held in the county this summer by the Rushville merchants in conjunction with the local churches. The two previous festivals have been held at New Salem and Glenwood and each was a pronounced success. In each case the churches made close to forty dollars.

Judge Will M. Sparks has consented to speak briefly at the Arlington festival tonight. Judge Sparks' talk will be the only thing in the nature of a program. The Arlington band will provide music throughout the evening. The Rushville merchants are planning to take the biggest crowd yet attending any of the events and to attain this end they urge that everyone with an automobile drive over to Arlington tonight.

LOCAL BOY RECEIVED THE S. O. S. MESSAGE

Clyde Osborne Writes he Was on Duty as Wireless Operator When Olympia Went Ashore

HIS VESSEL GOES TO RESCUE

Clyde Osborne, son of Mrs. Lillian Osborne of this city, has written his mother that his vessel, U. S. S. Sonoma, went to the aid of the battle cruiser Olympia when she went aground a few weeks ago, and that he, as wireless operator on duty at the time the S. O. S. was received, took the message and sent it to the captain, who immediately went to the aid of the Olympia. His letter says that the message read as follows:

"Rush vessel (from) Cerebus Shoals. Olympia is aground." The Sonoma was at New London, Conn., when the message was received and reached the Olympia's side in about an hour, being the second relief vessel to arrive. He says the Sonoma supplied lights for the Olympia's men to work as her dynamo room was under water. The Olympia was Admiral Dewey's flagship, the letter says, and the admiral's footprints are marked on the bridge where he stood at the battle of Manilla Bay.

Clyde Osborne was transferred to the Sonoma about a month ago. His vessel has been engaged in helping stretch submarine nets across eastern harbors.

MAY KEEP OPEN AT NIGHT NEAR CLOSE

County Registration Board Reaches No Definite Decision Regarding Agreement

NOT MUCH INTEREST SHOWN

State Chairman of 2 Political Parties Agree to Allow Boards to Hold Open at Night

The local registration board this morning received a copy of the agreement of republican and democratic state committees under which registration places throughout the state may be kept open one night each week for the benefit of workmen and others who are engaged during the day and thus find it impossible to register.

No definite decision had been reached today by the local board regarding the keeping open one night a week, but the board may decide to keep open one night a week during the last two or three weeks of the registration period. The local board believed that with no greater demand to register during the day than there has been the first fourteen days of the registration period, there would be little use keeping open at night at this time.

The board will reach a definite decision soon. The law provided that the board shall be in session from eight o'clock in the morning until five o'clock in the afternoon, but acting on a suggestion from an Evansville labor union to Governor Goodrich, the commission named recently to interpret the registration law, and the chairmen of the two state committees reached an agreement to the effect that in counties where such a course was deemed advisable, registration places may be kept open as late as 9:30 on at least one night a week.

The local board believes there will be a rush towards the end of the period and with this in view favors the keeping open at night once each week for the final weeks of the session. The agreement reached yesterday is in no way binding and the boards cannot be compelled to remain open but if the local board does decide to remain open it will be simply to accomodate the workmen who cannot register during the day.

NOT TO ACCEPT PEACE WITHOUT ANNEXATION

Germany's Stand is Outlined in Speech by Chancellor Before Reichstag Committee

CAN'T GIVE TERMS, HE SAYS

(By United Press.)

Berne, Switzerland, July 10.—"Peace without annexations is not acceptable to Germany. Germany can win if she holds out."

Chancellor Von Bethmann Hollweg so declared in a speech before the main committee of the Reichstag, according to quotations today in the Berlin Lokal Anzeiger.

"I consider it my duty to remain as chancellor for the protection of the Fatherland," Hollweg solemnly declared.

"Peace without annexations is not an acceptable peace to Germany. I cannot declare our terms."

The chancellor's address before the main committee was called forth by demands of the clericals that he outline in more detail exactly how the German government stood on the socialist platform of no annexation, no indemnities.

The Lokal Anzeiger did not specify how the imperial chancellor's speech was received.

NEW REGULATIONS ARE RECEIVED HERE

Revised Instructions Regarding Methods to be Employed by Exemption Board Arrive

DRAWING MAY BE SATURDAY

Exemption Claims For Agricultural or Industrial Work Made Before District Board

George Moore, Jr., clerk of the county exemption board, is in receipt of revised regulations for the draft from Provost Marshal General Crowder. Detailed instructions regarding the course to be pursued are contained in the circular which has been sent broadcast.

Washington dispatches today say that the drawing of numbers in Washington may take place Saturday, but that it is barely possible it will have to be postponed until next week pending the organization by delinquent states of all local and district exemption boards.

Indiana is far ahead of all other states in its organization and Rush county is right up with the procession. The county exemption board has been organized for some time and it has been more than a week since the board completed the task of giving each registrant his new red ink number, beginning with one and numbering each consecutively.

Men who registered were still keeping the clerk of the board busy today calling by telephone and in person to get their red ink number. This is due to the warning from the war department, published in the Daily Republican last Saturday, placing the burden upon each registrant of learning his new number, watching to see if his number were drawn and to present himself before the board for examination if drafted.

The district appeal boards in Indiana have been organized. Rush county is in the second district and the appeal board is composed of the following men: labor representative, J. J. Heavey, Hartford City; agriculture, Earl Crawford, Milton, Fayette county; industry, Harry Kitselman, Muncie; doctor, Miles J. Porter, Fort Wayne; lawyer, Lemuel W. Royse, Warsaw. There are twenty-four counties in this district, running all the way through the eastern section of the state from Steuben on the north to Franklin on the south.

Exemptions are to be determined by the local boards, General Crowder's circular shows, only for the previously announced specified causes, such as responsibility for the support of relatives, and not for agricultural or industrial reasons. Seven days after designations are posted will be allowed for filing claims. Then there will be an additional allowance of ten days for filing proofs, and the board must decide within three days after the proof is filed.

Then the case of any registrant has been disposed of so far as the local board is concerned. The names of those not exempted or discharged will be posted. Claims for exemption for agricultural or industrial work must be made within five days after such posting and must go direct to the higher board sitting for the judicial district. Appeals for the rulings of local boards must be made to the higher board within ten days.

The circular does not cover the summoning of the men for actual service, pointing out that selection and acceptance does not mean an immediate summons. Even the time of the drawing is not specified, but issuance of the circular is taken to mean that the work of selection may be in progress within a few days. September 1 has been tentatively considered as the date for assembling the first half million men in cantonments for training.

JAMES R. BERRY IS DEAD

Expires at Home of Daughter, Mrs. Elsworth Kiser, in Sexton

James R. Berry, 78 years old, died last night at 8:30 o'clock at the home of his daughter, Mrs. Elsworth Kiser, in Sexton, following an illness of several weeks from senility and a complication of diseases. His wife has been dead several years and Mrs. Kiser is the only child living. The funeral services will be conducted Wednesday afternoon at two o'clock at the Christian church in Sexton and burial will take place in East Hill cemetery.

GENERAL BRUSILOFF CLOSING ON LEMBERG

Dispatches From Eastern Front Detail Outflanking of Teutons by Russian Army

1,000 MORE CAPTIVES TAKEN

By WILLIAM G. SHEPHERD
(U. P. Staff Correspondent.)

Petrograd, July 10.—General Brusiloff is again outflanking the Teutonic army and closing in on Lemberg. Front dispatches today detailed the steady advance of this movement with Halicz, key-city of the Galacian strong-hold now all but cut off. Austrian prisoners are pouring back of the Russian line in an unending stream. It is the same story that came from this front in 1914 when Brusiloff took Lemberg by almost identical tactics of flanking the enemy.

More than 1,000 additional prisoners, several more villages, three large guns and a number of smaller field pieces were officially reported captured today.

SAYS FOOD BILL MAY CAUSE LOSS OF WAR

Senator Lodge Launches Direct Attack on Federal Control Principle of Measure

REFRAMING IS SUGGESTED

(By United Press.)

Washington, July 10—Warning that the food bill may bring the United States to the edge of financial ruin within three months and cause failure in the war, Senator Lodge today launched a direct attack on federal control.

Attack on the food control bill grew so bitter today that Senator Vardaman suggested the measure be sent back to the agriculture committee to be entirely reframed.

"No business can prosper," Lodge declared, "with the government hand hanging over it ready to descend at any time and fix prices." He denounced government management of business as most incompetent.

ONCE CARTHAGE MINISTER

The Rev. S. Talbert Dies at His Home in Ontario, California

Word has been received here of the death of the Rev. S. Talbert, a former minister of Carthage and a brother-in-law of the late George Clark, which occurred in Ontario, Cal., on July 2. The Rev. Mr. Talbert left here about fifteen years ago. He was 77 years old and was born near Shelbyville. His son, George C. Talbert was at one time identified with the Carthage Record. The Rev. Mr. Talbert will be remembered by many Rush county people, especially in Carthage. Besides the son, George, he is survived by two daughters, Mrs. M. A. Miller of Ontario and Mrs. Charles Culbertson of Shelbyville, Ind.

ROUTES FROM THIS CITY DESCRIBED

By Reading Descriptions Patrons Can Determine Number of Their New Rural Mail Route

TAKES EFFECT NEXT MONDAY

Only Ten Routes Will Start From Rushville Under Reorganization Plan Instead of Twelve

Postmaster G. P. Hunt today made public the description of the revised rural routes from the Rushville postoffice. By reading the descriptions it will be possible for patrons served from the Rushville office to determine what the number of their route will be on and after next Monday, when the reorganization takes effect.

There will be ten routes out of Rushville instead of twelve as at present, routes No. 2 and No. 7, being discontinued. The numbers begin at one and run to ten. Five routes will be abandoned in the whole county, one at Glenwood, one at Arlington and one at Carthage, besides the two at Rushville. The route numbers will begin at one at each postoffice instead of being numbered consecutively for the whole county as at present. The description of the routes follows:

Route 1 as Revised

South and southeast on New Salem pike to New Salem postoffice; Southeast on said pike to road near southeast corner of section 5; South to school house at southeast corner of section 8; West to Miller corner; West ½ mile and retrace; North to corner North to New Salem post-Fulton corner; West to M. Carr office; Northwest to Stark's and west, passing Perkin's corner to west line of section 28; South to west line of section 33; East and northeast on angling road to Perkin's corner; North to Ora Logan corner; West to Jesse Haven's corner; North to New Salem pike, northwest a jog, east a jog, north to Rushville Fair grounds; West to Rushville post office.

Route 2 as Revised

Attention Mr. Farmer

Vaccinate your hogs with the Swine Breeders Pure Serum made at Thorntown, Indiana, and be assured of good success in your vaccination.

We administer serum for $1.75 a hundred or 1¾ cents a cc. for non-stockholders. That is, put in the hog, and $1.35 per c. c. for stockholders. This is strictly a high class serum and gives the farmer good insurance against the ravages of HOG CHOLERA. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Co., over the Rushville National Bank.

NEW DRAFT REGULATIONS HAVE BEEN RECEIVED HERE

Continued from Page 1.

The steps a registered person should take are set forth in great detail in the circular. First of all the registrant is advised to find out the location of the office of his county or city local board and then ascertain, if he intends to claim exemption for agricultural or industrial reasons to what district board he must apply.

"Every board has numbered the cards in its jurisdiction with red ink in a series running from 1 to the number representing the total number of cards in its jurisdiction," continues the circular. "Lists showing the names of persons in the jurisdiction of each board and the red ink number of each card are open to inspection at the office of each board. Inspect the list and *inform yourself of your red ink serial number.*

"These red ink numbers are to be drawn by lot to determine the order in which registered persons are to be called by the various local boards. As soon as the drawing is completed, lists showing the order in which these red ink numbers are drawn will be published in the press, and will be posted at the office of each local board. Go to your local board and find out the order in which you stand for call.

"As soon as quotas are assigned to each state and each board, each board will call upon persons whose cards are in its jurisdiction, instructing them to present themselves for examination. This call will be posted at the local board and the papers will be *requested to print it.* A notice will also be mailed you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself. Watch the lists at the office of your board and see when you are *called for examination.*

"You must report for physical examination on the day named in your call. If you are found physically disqualified, the board will give you a certificate which will explain to you what your further duties are.

"If you are found physically qualified and file a claim for exemption within seven days after your call, you will be given ten days after filing your claim of exemption to file proof in support of your exemption.

"If you are found physically qualified, and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service, and was not exempted nor discharged. On the eighth day after call or within two days thereafter, *copies of the list of persons so posted* to the district boards will be given to the press, with a request for publication, will be posted in a place at the office of the local board, accessible to the public view, and notice will be mailed to you at the address on your registration card.

"Therefore watch the notices posted in the office of the board about ten days after the day you were called, and make arrangements for the prompt receipt of mail."

The grounds for exemption are set forth in the same language as in the preliminary regulations issued a week ago. The circular says the methods of proving exemptions will be detailed to the registrant and blanks provided on application to the local board. The method of appeal also will be made plain, and a date set for that. Appeals must be made within ten days after the local board has refused exemption. The proof must be filed within another five days, and a decision must be made five days thereafter.

"Only the district boards," concludes the circular, "can receive claims for discharge on the ground that you are engaged in industry, including agriculture. Only decisions of district boards on industrial claims for discharge can be appealed. If you desire to appeal the decision of the district board to the President, you may do so within seven days of the date of mailing to you of the decision of the district board. As soon as your case is finally disposed of, the adjutant-general of your state will notify you by mail that you have been selected for military service.

"Notice that you have been selected for military service will not necessarily call you into service. The notice to report for military service will come when the government is ready to receive you [illegible]

The New "Light Six"

Oldsmobile

Unreservedly, and without hesitation, we pronounce this one of the finest light cars we have known. In point of motor, chassis, and body design, it is representative of the latest developments of the engineering art. In refinement of finish, and perfection of detail, it is the peer of the world's most luxurious light cars.

The car is built in two models—a five passenger touring and a two passenger roadster, the rear compartment of which is convertable into a leather upholstered seat for two extra passengers.

SENTENCE TO BE PASSED JULY 30

Indianapolis Police and City Officials To Know Fate Then—Abandon New Trial Plans

GRAND JURY WILL CONVENE

Will Conduct Another Probe As the Result of Startling Disclosures in Trial

(By United Press.)

Indianapolis, Ind., July 10.—Sentencing of Samuel V. Perrott, former chief of police of Indianapolis and five other police and city officials, recently convicted by a jury in federal court on charges of election corruption, will occur July 30. Announcement to this effect was made today by Federal Judge Geiger, when the defendants appeared in court. Plans of the convicted officials to appeal for a new trial were abandoned.

It was generally believed that postponement of sentencing of Perrott and the other convicted men was due to a desire of the court to await further action of the grand jury which will convene here tomorrow.

Briefs were filed in the district court here for a new trial July 5. As a direct result of startling disclosures made during the trial, federal grand jury will convene for a special session tomorrow. Former police officials and city officials testifying in behalf on the government at the trial connected several persons who were not indicted with their stories regarding the frauds.

Frank M. Johnson, patrolman, was the only defendent acquitted. The maximum penalty is a prison sentence of not more than ten years and a fine of $5,000. The law demands some imprisonment, but the extent of the penalty lies within the discretion of the court.

During the course of the trial, the government sought to show by testimony of former police officers, that the defendants drove negroes from the polling places with their riot clubs and intimidated them in other ways, bought votes by the wholesale and used repeaters in all parts of the city.

Homer Bell has filed a quiet title suit against Robert Lockeridge and others.

WONDERFUL VALUES IN LADIES' SILK DRESSES

Our only excuse for making this offering is that the dresses looked so good we bought too many of them. The result is *that about 60 elegant* dresses are to be disposed of during these ten days. To convince you of the remarkableness of this price, it is only necessary that you see the dresses themselves. They are fashioned from crepe de chene, taffeta, messaline, tub silk, shantung, tussah, yo san and georgette. *No two* dresses are alike, *the colors* are exquisite, the variety is extraordinary, and sizes run from 14 to 45. These dresses bear the original marks of $20.00, $22.50 and $25.00. Choice now only $10.00

SOCIETY

Edited by Miss Katherine Hitt.

The Ladies Aid Society of the Catholic church will meet, Thursday afternoon with Mrs. Michael Oneal, at her home in North Sexton street.

* * *

A number of people from Moscow motored to Cave Mills church in Shelby county Sunday and at noon a bounteous pitch-in dinner was served on the lawn. About one hundred and fifty enjoyed the delightful affair.

* * *

Miss Ruth Owen was the charming hostess to a number of friends Sunday at her home in Orange township, when she entertained with an informal party. The guests included the Misses Blanche Hinton, Edna Hoban, Margree Hurst and Maurice Fessler, Herbert Hoban and Ora Cameron. Dainty refreshments were served by the hostess.

The Woman's Foreign Missionary society of St. Paul's M. E. church will be entertained Wednesday afternoon at the home of Miss Anna Poundstone, corner of Harrison and Seventh street. This is the offering day for the hospital at Manila conducted by Dr. Rebecca Parrish and all members are requested either to send or bring their offerings.

* * *

Mr. and Mrs. C. W. Ertel, Thomas Ertel and family, Mr. and Mrs. Glen Abernathy and family and Miss Elsie Scott motored to Muncie, Sunday where they were joined by Mr. and Mrs. Albert Glaser and daughter Ruth, Mr. and Mrs. William Ellinger, Mr. and Mrs. Charles Adams and daughter Mary Deloris, Mr. and Mrs. Herman Messersmith and daughter Helen, Mr. and Mrs. John Cassel and daughter Dorothy Marie, Mr. and Mrs. Charles Burns and children and Arthur and Harry Glaser. The party motored to McCullogh's park and enjoyed a sumptuous pitch-in dinner.

Social Calendar

Wednesday

C. W. B. M. in the basement of the Christian church in the afternon, at 2:30.

* * *

Mrs. Norman Crum was the hostess to about twelve members of the Young Ladies Mission Circle of the Christian church last evening at her home in North Jackson street. A short program was carried out, the topic of which was "India." Miss Grace Billings read a peaper on "An Indian Wedding;" Bible study, by Florene Gronier; a paper on "The Lives of Three Missionaries, Miss Addie Nicholson, Thomas Newton Hill, Clement Narton," was read by Miss Gladys Chadwick. There was a full discussion of the College of Missions at Irvington by Mrs. Grindle. A pitch-in supper was planned for the next meeting, which will probably be the last of July with Mrs. Charles Brooks, west of this city. During the social hours which followed, refreshments were served.

* * *

The Misses Margree and Dora Hurst entertained a number of friends Friday evening at their home near Milroy. Games furnished amusement for the guests and refreshments were served late in the evening. BAKERS TALK ON HOW TO BE OF HELP

Fifth Annual Convention for States of Ohio, Indiana and Michigan Opens at Cedar Point

TO CONTINUE UNTIL FRIDAY

D. H. E. Barnard, Indiana Food Commissioner Will Speak Tomorrow—Elaborate Entertainment

(By United Press.)

Cedar Point, O., July 10.—How to co-operate with Herbert C. Hoover in his campaign against food waste by elimination of stale bread, was to be thoroughly discussed by bakers of Ohio, Indiana and Michigan, when they arrived here today to attend the fifth annual convention of the Tri-State Master Bakers' association. Sessions will continue through Friday.

National authorities on the subject of food will address the convention.

Dr. Ralph E. Lee, chemist of New York City, today told of the "Quality in Raw Materials Used in the Bakeshop." Tomorrow Dr. H. E. Barnard, Indiana food commissioner will talk on "Bread, in America's Food Supply." G. W. Fisher, Huntington, Pa., member of the executive committee of the national association of bakers will represent that organization. Prof. Harry Snyder, Minneapolis, will address Thursday's meeting on "War Bread."

R. D. Mitchell, mayor of Sandusky, welcomed the delegates this morning.

Elaborate entertainment has been provided for the convention.

The present officers of the association are: W. F. Celler, Ft. Wayne, Ind., President; Hector Urquhart, Springfield, O., vice-president; W. A. Thomas Auburn Ind., treasurer; and W. G. Herbold, Cincinnati, secretary. Celler will preside at all the meetings, which are being held in the Exhibition hall.

TAKE BACK NO UNSOLD BREAD AFTER TODAY

Bakers In 39 Counties, in Accordance With Pledge, Adopt Economy Plans Today

WHAT A SAVING IT WILL MEAN

(By United Press.)

Indianapolis, Ind., July 10.—Bakers in thirty-nine counties in central Indiana, in keeping with a pledge signed at a meeting here today abandoned the practice of taking back unsold bread. The plan adopted in co-operation with the National Council of Defense in conserving the nation's bread supply.

Indianapolis bakers abandoned the practice some months ago. The bakers contend that hundreds of loaves of bread have been going to waste daily as the result of grocers purchasing more than they could sell. As the result of the new plan, the bakers say the grocers are not as liable to purchase more than their business requires.

Dr. H. E. Barnard, pure food and drug commissioner, following a survey of conditions among seven hundred bakers, announced that elimination of 2 per cent return of unsold loaves saves 110 barrels of flour per year.

An Indianapolis baker has refused to accept a 10 per cent return of unsold loaves, saving 2,500 barrels of flour annually; another refusing 5 per cent of unsold loaves saves 1,500 barrels of flour; and a third eliminating a 10 per cent waste from the same source saves 1,560 barrels of flour each year.

—Mrs. Albert Bradford visited in Indianapolis today.

Clarence Woods has filed suit against Frederick Boxley demanding $215.87 for labor performed and money not received. It is alleged that the plaintiff worked for Boxley and that Boxley induced him to buy a piano on payments and did not give him credit for the money owing him upon the piano. T. M. Offutt represents the plaintiff.

That's What We're Here For

TO make the kind of bread, rolls, pie, cakes and doughnuts that people want. We don't make them to keep or to look at, although they are a delightful sight. We make them to attract people who have a discriminating taste.

And the quality that we have ever maintained in our bakery goods has attracted just such people and is attracting them in greater numbers than ever before. They stick to the store that gives them the quality.

We raised the standing of quality when we began and we have held it high ever since. We lead because our goods are the best and they are the best because we put into them the best materials and the greatest skill.

Dinner Sets

Harvest Time Bargains

NOTE—We have a large stock of Dinner Ware which we are unable to get Cups and Saucers to match at the present time. As this makes the set incomplete we are going to break the sets and close the patterns. You will find wonderful bargains in these numbers as long as they last. Goods are strictly first class at a price less than common dishes. Take advantage while you need them—Pie Plates, Dinner Plates, Meat Plates, Oatmeals, Deep Dishes, and in fact, anything except Cups and Saucers go at a bargain.

AMERICA ALWAYS FIRST

Saving a Nation

It is the history of all nations since history was written that there come crises in the national life of all peoples when prompt action is imperative if destruction be averted. Some peoples have taken such action and lived, while others have slumbered and died.

Grave as the consequences of our present struggle is apt to be, the American people, it can be seen more clearly as time passes, are being saved by it from an even greater danger which threatened them—the danger of over-prosperity and over-indulgence.

Even now, since we have entered upon the task of mobilizing American resources, the mind staggers at the colossal values aggregated. Where a few years ago we whispered in awe of millions, now we speak of billions as glibly as a school girl prattles of pin money.

This of itself would not have constituted such a grave danger had not our people framed their personal lives on the same vast scale. From talking in thousands to living in thousands is an easy step. The same is true of millions. As our operations increased and our national wealth piled up our personal ideas enlarged apace, until when we woke up last April to find ourselves the probable deciding factor in the greatest war of all history, we discovered ourselves living at a rate that could have had but one possible ending—national disaster, if not national death.

War is horrible. We shrink from it and wish from the bottom of our hearts that it could be banished from the earth forever more. Yet in this war the heroes who die for us on the fields of France will confer a greater blessing upon their country than merely preserving its honor, as the world sees honor. They will have saved us from national moral decay and death. For the domestic revolution, without which our part in the conflict can not be carried out, is the upheaval that was needed to take our feet out of the road to death and set them on the road to a broader and saner life.

Restore Old Industry

"Every housewife this year should restore to her home the often overlooked home industries of canning, preserving, pickling, and drying of perishable fruits or vegetables," said David F. Houston, Secretary of Agriculture, today. "The large number of new back-yard gardens which have been planted this year shortly will begin to yield their extra harvest of beans, peas, carrots, beets, sweet corn, and tomatoes. The regular supplies also will reach the markets and, as happens each summer the local supply at times will exceed immediate consumptive capacity. Not to conserve much of this surplusage of valuable food would be sinful waste.

"The present food and labor situations are such that no household is justified in looking to others to release it wholly from individual responsibility and constructive action in saving and conserving food. All any home should expect of others is to supply those foods which can not be produced effectively by its own [illegible]. The railroads will be burdened with the transportation of staple foods and civil and military necessaries from localities of production and manufacture to districts incapable of supplying their own needs. It follows that all locally produced foods, conserved by home methods, lessen the winter pressure on transportation agencies and also release similar products of factories for other purposes.

"I urge every household, therefore to can all surplus perishable products for which they have containers and to dry and [illegible] in paper any additional surplus suitable for such preservation."

WOMEN MAKE LAST ARGUMENT TODAY

Final Pleas for Permission to Vote At Election of Delegates Heard by Court

OTHER IMPORTANT QUESTIONS

Supreme Court Will Also Decide Whether Office Holders Can Go As Delegates

(By United Press.)

Indianapolis, Ind., July 10.—Women made their last argument today for permission to vote at the election of delegates to the constitutional convention.

In a two hours argument before the supreme court, attorneys for the Women's Franchise league presented to the highest state tribunal reasons why the law passed by the last legislature calling a constituional convention, is legal in its entirety and that the portion permitting women to vote for delegates is not unconstitutional as was held by Judge W. W. Thornton of Marion Superior court in his decision on the case. The hearing today was on the appeal from Judge Thornton's court.

Attorneys for N. W. Bennett, who brought the suit to test the constitutionality of the law, argued that the entire measure was unconstitutional on the grounds that the legislature has no power to call a constitutional convention, and that if the court did not hold the whole measure illegal, the portion giving women the right to vote at least should be held unconstitutional.

Other important questions will also be finally decided by the supreme court in its decision. Among them will be whether or not present office holders, including members of the legislature, may be delegates to the convention.

The court is expected to rush its decision in order that the uncertainty which has surrounded the campaign for election of delegates may be removed. The court has held up its summer recess in order that the decision might be handed down as soon as possible.

MEET TO ORGANIZE DISTRICT ASSEMBLY

Rebekahs of Rush and Shelby County Gather in Shelbyville Today For That Purpose

DEGREE WORK WILL BE GIVEN

A number of Rebekahs from the local lodge went to Shelbyville today to attend a joint meeting of the orders for Shelby and Rush counties for the purpose of forming a district assembly. The state assembly has recommended the forming of district assemblies for closer cooperation and the one to be formed at Shelbyville will be for these two counties. The organization meeting was held this afternoon and tonight the Shelbyville degree team will confer the degree work.

The assembly president, Mrs. Harriet Sleckenhier of Richmond, attended the meeting, as did the committee appointed to organize the district assemblies. This committee is composed of Mrs. Mary E. Shipp of Michigan City, Mrs. Kate Nichols, Elkhart, Mrs. Grace Childs of Indianapolis and Mrs. Minerva Clark of Connersville.

EXPECT ASSEMBLY TO SET NEW RECORD

Milroy People Believe This Year's Chautauqua, Which Opens Tomorrow, Will be Best Yet

N. Y. MARINE BAND A FEATURE

Hawaiian Singers, Iowa Governor, Male Quartette, Famous Jap And Others on Program

The annual Milroy chautauqua will open tomorrow afternoon and indications are, from the talent which the program shows, the assembly will be the best one in the history of Milroy. The distinct feature of the chautauqua will be the New York City Marine band directed by Mario LoZito, the famous bandmaster. The band will give two concerts on Friday afternoon and evening.

The chautauqua will be formally opened tomorrow afternoon at 2:30 with a concert by the Florentine Musicians, featuring Signor Andrew Vissochi, one of the greatest accordion players. There are four persons in the company. Miss Sturgis is a violinist. Miss Eagleston is an accomplished pianist and Miss Kelley is a reader of ability. Miss Kelley will give a program of readings following the concert.

In the evening at eight the musicians will give a 30-minute concert and at 8:30 Col. William H. Miller of Spokane, Wash., will lecture on the subject, "It Isn't Your Town, It's You." He is a popular lecturer who puts homely truths in such language that they convulse the average audience with laughter.

On Thursday afternoon the Metropolitan Grand Quartette will give a concert. Each member of this male quartette is a soloist of unusual ability, and a variety is added to their program by J. Cameron McLean, baritone, who sings Scotch songs and tells Scotch stories, in costume. The quartette will give the prelude in the evening and at 8:30 Dr. Yutaka Minakuchi, a brilliant Japanese orator, will lecture on the topic, "The Border Land." He was educated at Yale and speaks English fluently.

Friday's program will consist of two concerts by the New York Marine band and a lecture in the afternoon following the concert by Harold C. Kessinger of Illinois, the youngest state senator in America. He will speak on the subject "America First." He is serving his first term in the Illinois state senate.

The Gullotta Trio, Coleman Hatfield of West Virginia and Burnell R. Ford, the electrical wizard, will share honors on the program Saturday. The trio which will open with a prelude in the afternoon, is composed of Vincenzo, a violinist; Ruth Gregg Gullotta, pianist and accompanist, and Helen Cutler Dickey, soprano. Coleman Hatfield, who is the nephew of Gov. Hatfield of West Virginia and eldest grandson of "Devil Anse" Hatfield, will tell the story at 3:15 of the rebirth of the mountaineers of his state. He was born when the celebrated feud between the Hatfields and McCoys was at its heighth and recites a dramatic story of the terrible happenings of the eighties. Ford, the electrical wizard, will give a popular, scientific and educational demonstration on the wonders of electricity at 8:30.

Vierra's Royal Hawaiian Singers and Players, composed of five native Hawaiians, will give a concert at 2:30 the closing day, Sunday, followed by a pageant by the junior chatauquans, "Good Fairy Thrift," under the direction of the junior leader who will be in charge of the children each morning during the week. The evening program will consist of a lecture at 8:00 by Governor George W. Clarke of Iowa, on "Ideals of Public Duty," followed by a concert by the Hawwaiians.

COUNTY SUFFERS AS USUAL

Gets Back Little Over Half of Sum Paid Into School Fund

The semi-annual apportionment of school funds among the counties by the state of Indiana has been announced and as usual, under the arrangement followed, Rush county suffers. Rush county paid into the state school fund $19,292.45 and received back in the apportionment $10,783.24, which is almost half of the sum provided by Rush county for the support of the schools of the state. The apportionment is based on the school enumeration of the state, which showed a total of 774,642 of school age in the state. As long as the present statutes are in force the larger counties will help support the schools of the smaller counties.
